

MH-LZ270

Granule Materials Vertical Packing Machine Introduction Manual

Application scope

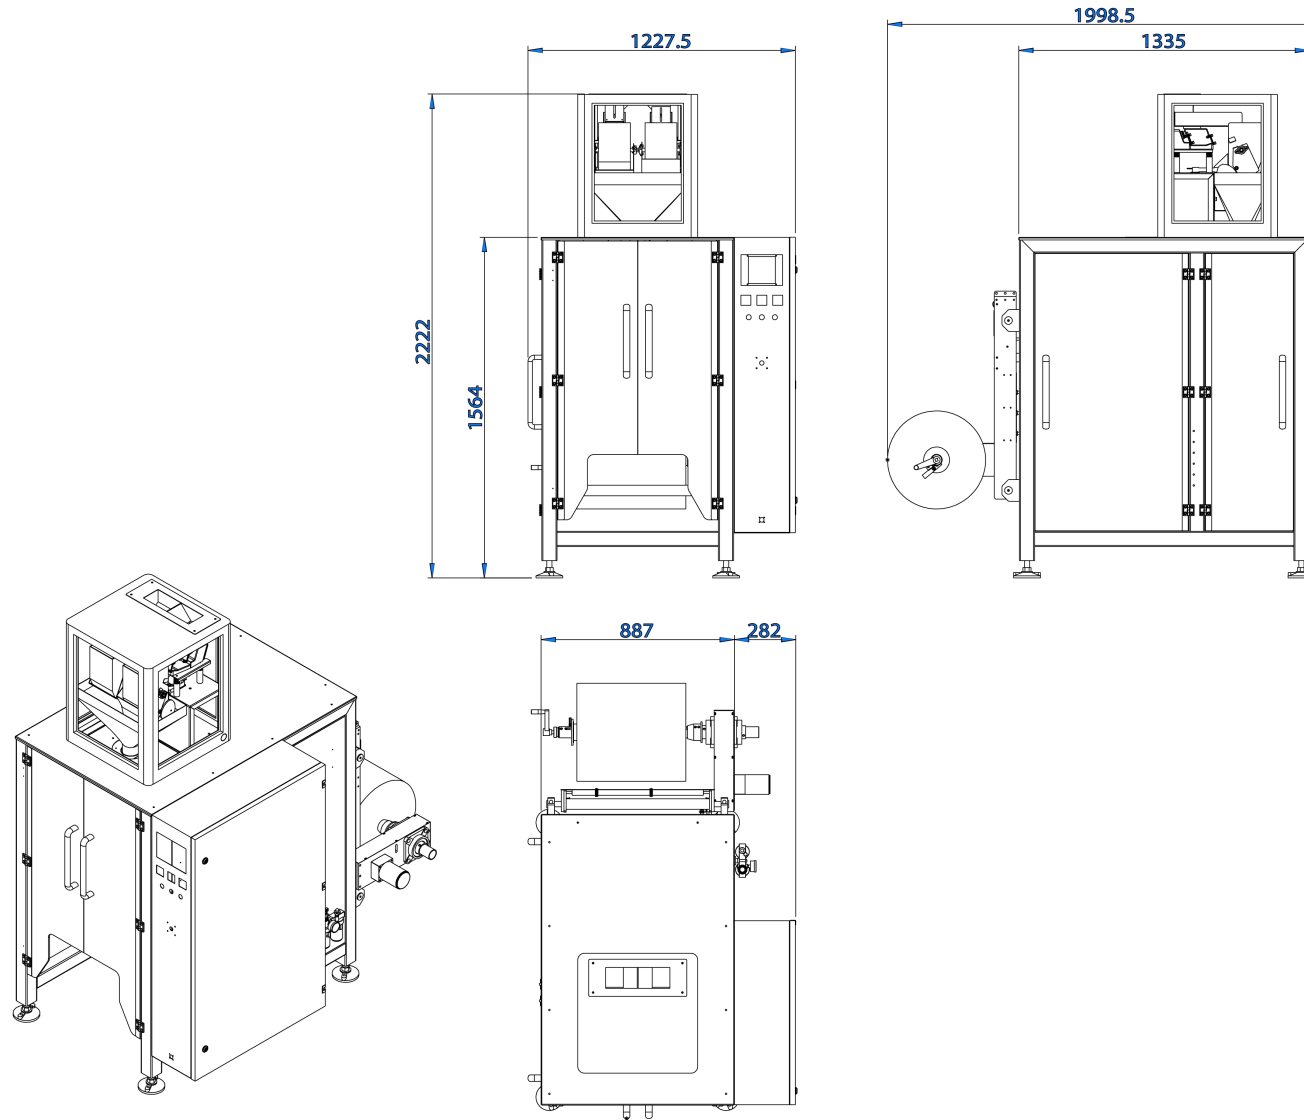

Packaging Application Scope:

Suitable to packing granule, powder, strip shape materials, such as puffed food, shrimp, peanuts, popcorn, sugar, salt, seeds, etc.

Performance characteristics

1. This machine features good sealing performance, clear and rapid sealing, compact structure, stable operation, and low noise.
2. It is equipped with two independent sealing cylinders, offering good sealing performance and clear sealing results.
3. Controlled by PLC, it features high automation, easy operation, and maintenance. The entire machine operates smoothly with low noise.
4. It features a touchscreen human-machine interface with a user-friendly design, allowing for flexible and convenient operation and adjustment, as well as accurate running.

Equipment sample drawing

Equipment parameters

Model	MH-LZ270 Granule Materials Vertical Packing Machine
Packing Range	0.2-2.0kg
Packing Capacity	1000-1500 bags/hour
Power Supply	AC220V/50HZ , 4.1KW
Air Consumption	0.6MPa; 0.25m³/min
Working Temperature	0~40℃
Division Value	1g
Equipment Dimensions(LxWxH)	1235*1998*2250mm
